RADIO:

Radio Spot [script] #1: Megan Thee Stallion

*Hey Hotties, it's Megan the mother f*ckin' Stallion. I'm here to tell you that we're in trouble. Do you know how much plastic waste there is to date? 8.3 billion tons. Yes hotties, I said billions...with a B, b*tch! If you care about the environment as much as I do, you'll go get your hot self a Hydroflask. And did I mention that they have every color you can imagine? Real hot girl sh*t is saving the planet and looking cute while you're doing it. Hydroflask, Cuz, I know you b*tches be thirsty.*

Radio Spot [script] #2: Emma Chamberlain

*You guys. Like seriously, we need to be con-f*ckingcerned about the Earth right now. Did you know 80%, EIGHT-Y (dragged out) PER-CENT of plastic water bottles **don't** get recycled. Uhhhhhhh, yeah. Holy f*ck that's f*cking insane, because Americans alone buy 15 billion GALLONS of water, every single year.*

[Beep comes on ~2.5 seconds] ...

*With all that being said, I think it's safe to say everyone should go get themselves a Hydro Flask. Hydroflask can keep your beverage hot or cold all day long, which is like my mood, being a Gemini, which is why I also had to get one in every color. Okay, anyways, love you, here's Megan, "Cuz, I know you b*tches be thirsty" (in Megan's voice).*
